

MAGNESIA

MINERAL COMPOUNDS

**Your specialist for
Technical Magnesia**

Mineral compounds for industrial applications

No matter what industrial application: Our broad portfolio covering oxides, hydroxides, carbonates, chlorides, sulphates, stearates, nitrates and silicates offers unique solutions for most industrial

segments. Inform yourself about our MAGNESIA products also for your individual formulations. Demand for our products is increasing due to their neutral properties and unique characteristics.

Technical applications:

Christian Block

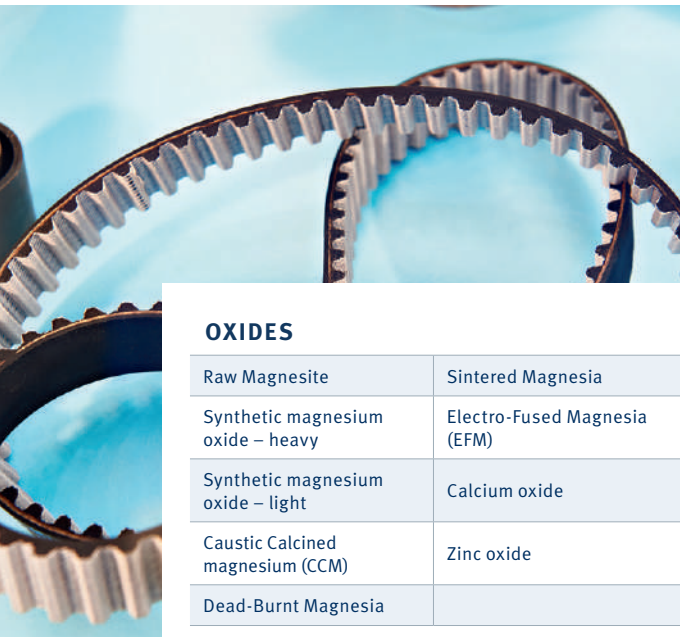

Sales Director Technical Magnesia

OXIDES

| | |
|-----------------------------------|------------------------------|
| Raw Magnesite | Sintered Magnesia |
| Synthetic magnesium oxide – heavy | Electro-Fused Magnesia (EFM) |
| Synthetic magnesium oxide – light | Calcium oxide |
| Caustic Calcined magnesium (CCM) | Zinc oxide |
| Dead-Burnt Magnesia | |

CARBONATES

| | |
|---------------------------------------|--------------------|
| Raw natural magnesium carbonate | Dolomite |
| Synthetic magnesium carbonate - heavy | Sodium carbonate |
| Synthetic magnesium carbonate - light | Sodium bicarbonate |
| Calcium carbonate - heavy | Zinc carbonate |
| Calcium carbonate - light | |

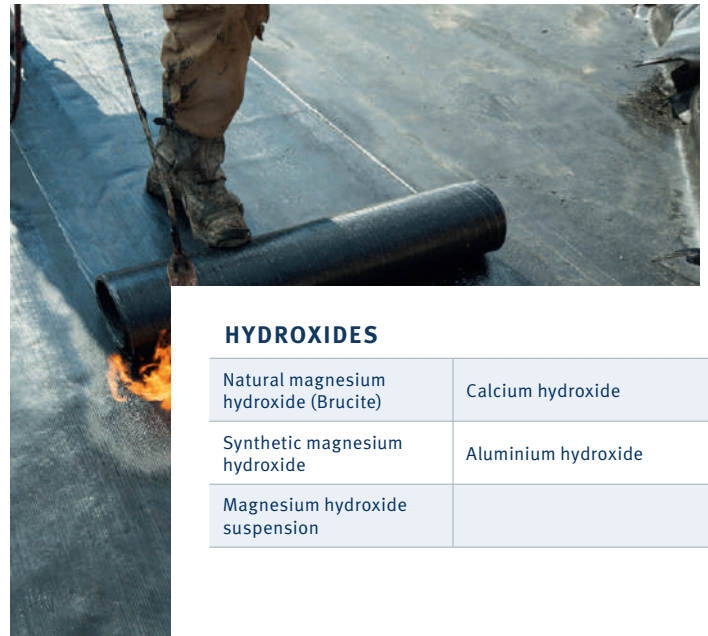

SULPHATES

| | |
|--------------------|-----------------|
| Magnesium sulphate | Sodium sulphate |
| Calcium sulphate | Zinc sulphate |
| Aluminium sulphate | |

NITRATES

| | |
|-------------------|-----------------|
| Magnesium nitrate | Calcium nitrate |
|-------------------|-----------------|

HYDROXIDES

| | |
|---------------------------------------|---------------------|
| Natural magnesium hydroxide (Brucite) | Calcium hydroxide |
| Synthetic magnesium hydroxide | Aluminium hydroxide |
| Magnesium hydroxide suspension | |

CHLORIDES

| | |
|--------------------------------|------------------|
| Magnesium chloride, flakes | Calcium chloride |
| Magnesium chlorides, anhydrous | Sodium chloride |
| Magnesium chloride, solution | Zinc chloride |

SILICATES

| | |
|-----------------------|------------------|
| Magnesium silicate | Calcium silicate |
| Magnesium trisilicate | |

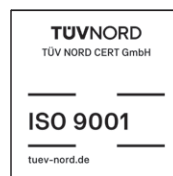

STEARATES

| | |
|--------------------|--------------------|
| Magnesium stearate | Sodium stearate |
| Calcium stearate | Aluminium stearate |
| Zinc stearate | |

MAGNESIA – your specialist for mineral compounds with a wide range of applications

As a supplier of high-quality mineral compounds, MAGNESIA represents innovative and service-oriented solutions. For more than 40 years, we have been supplying mineral raw materials to manufacturers of food, cosmetics and pharmaceuticals, as well as users of technical applications. We supply our customers individually, reliably and quickly.

MAGNESIA stands for the highest quality standards and is comprehensively certified. Our processes are based on an ISO 9001-certified quality management system, which forms the basis for consistently high quality. The safety and quality of our logistics activities are guaranteed by IFS Logistics certification, while our service compliance meets the requirements of the IFS Broker Standards. We are audited regularly by the regulatory authorities for the distribution of active pharmaceutical ingredients for human use (GDP). In addition, we are registered as a wholesaler of feed for pets and farm animals at the Lower Saxony State Office for Consumer Protection and Food Safety.

Our commitment for you

Highest level of product quality and certifications

Individual support for your product development

Over 40 years of experience
